**Fair Oaks Farms** is a real place, a family owned, heartland dairy located in Northwest Indiana. It is just 75 minutes from downtown Chicago, but a world apart.

**Fair Oaks** is one of the largest dairies in the country. It is surrounded by thousands of acres of land and even more cows. The goal of **Fair Oaks** is to craft the most pure, nutritious and delicious dairy products you have ever tasted using the best environmentally sensitive practices of modern agriculture.

The **Fair Oaks Farms Dairy Adventure** is a remarkable, up-close, fun-filled experience. You will see every step of the dairy production process. The tour offers exhibits that explain how the dairy industry protects the environment, cares for the cows and ensures the highest quality milk possible. See the milking process first hand. The **Birthing Barn** is a unique facility designed to showcase the miraculous creation of life. About 80-100 calves are born at **Fair Oaks Farms** every day. Check out the nursery where newborns are hand-fed and the word "cute" is redefined.

The circle of dairy life--from the care of the field and streams of the land, to the health and well-being of the Holstein cows, and to the processing and packaging of milk--happens, everyday at **Fair Oaks Farms**, in an extraordinary way. See, taste, buy and enjoy the end products at the Cheese Plant and Café. Fair Oaks Farms products include Fine Cheese, delicious Premium Ice Cream and, fresh milk.

***We will enjoy a buffet lunch at Fair Oaks Farm. Lunch will include roast beef, stuffed chicken breast, mashed potatoes/gravy, California blend vegetables, and a cup of vanilla ice cream (Fair Oaks brand of course)***
