**Deadline Date:**  
August 30, 2010

**Sign Up Early!**  
Special One Day Only- 1 bus

**Brookfield Zoo**, located in Brookfield, Illinois, just west of Chicago, is open every day of the year. The Zoo is located on 216 acres of beautifully landscaped grounds, featuring over 2,000 animals. The Zoo first opened in 1934 and became world renowned for its use of natural barriers, such as moats, rather than cages. **Brookfield Zoo** featured the first Giant Panda exhibit in the United States.

The exhibits, such as the Australia House, Baboon Island, Wolf Woods, Reptile House, Pachyderm House and more, are sure to please. The Tropic World exhibit, which simulates a tropical rain forest with monkeys, birds and more, even a simulated thunderstorm is always a favorite. Be sure to visit the new **Great Bear Wilderness Exhibit**. This exhibit will alternately house two grizzly and three polar bears. It will be filled with sand, large logs, plants and dirt for the bears to explore.

It's a special day at the **Brookfield Zoo**! You'll learn about the Zoo as most people never do! Join us for a day of discovery, learning and fun this fall. Our group will experience a private tram tour of the Zoo and attend the dolphin show in the newly renovated **Seven Seas Dolphinarium**. You will have time to spend on your own to visit a favorite exhibit or do some shopping. Then we will enjoy lunch in the Savannah Room followed by a special talk.

Lunch will be a choice of either:

- A) Grilled vegetable kabobs with teriyaki sauce and rice
- B) Grilled chicken breast with Marsala wine and mashed potatoes.

Both lunches will be served with a salad, chef's vegetables, and chef's choice of dessert, baked piccolo bread, coffee, and ice tea. Please make your selection at time of reservation.

Following lunch, Lanis Petrik Senior, Teacher Training Specialist, Chicago Zoological Society/ Brookfield Zoo will present "It's The Good Life: Animal Behavior and Training". We will find out about the work done in zoos to ensure quality of life for their animal residents. From the dolphin show to training predators to show their teeth on command, training and enrichment programs improve animal husbandry and the environment our animals live in. Watch the story of the training that taught diabetic orangutans to voluntarily take insulin shots and hear about the work that provides every animal in the zoo with engaging, fun, activities each day. Take away souvenir postcards and stories that will amaze your friends and family!
